CHARITY HEADS OR TAILS

To take part, please ask one of the members of the WLCC team.

How to play: *It is a classic game of heads and tails!*

- Heads is represented by placing both hands on your head. Tails is represented by placing both hands on your backside.
- The game begins with participants standing up behind their chairs with the MC asking participants to make their selection.
- The organiser then flips a coin.
- Participants who made the wrong selection are eliminated from the game and asked to take their seat.
- Participants who made the correct choice advance to the next round.
- Continuing the rounds until there is one person left standing, and they will be the winner.
- Winning an amazing prize too!

Welcome from Alan and Sally

Another year is coming to an end, and we continue to go from strength to strength. Our membership has now grown to 2,300 members, and we maintain a business network of 8,000 in the West London Chamber community. This year, we have organised 80 events, including our Flagship events, which include the Festivals of Business, the Regeneration Conference and the Charity Golf Day, and further afield trade missions to Atlanta, Turkey and India.

Alan has just returned from the Chamber's fourth trade mission this year, reaching Hong Kong & China, Turkey, Atlanta, Georgia and Goa, India. We will now aim to follow up this first visit to India with a mission to other major cities in late January. This is evidenced by the 40 international trade events we have held this year, including a reception for the first Women business trade mission from Pakistan – and the count is still rising, with the last two attracting over 100 attendees each! What Alan does not know about international trade is not worth knowing!

We have also been busy locally, organising a wide range of events; there is something for everyone, so please come along and see us in action. As with all membership organisations, what you put in is what you get out. You also have the chance to meet the Chamber team, enabling us to learn more about your business and promote you and your endeavours.

The Ealing Festival of Business in October was highly successful, with attendance of 400. Building on this success, we are now planning a Festival of Business for Hammersmith & Fulham. The Women in Business events are always popular and well attended. We also run webinars on various topics, all of which are recorded and can be viewed on our YouTube channel.

We also have our business magazine, *Let's Talk Business*, which comes out every three months, and is great bedtime reading!

We continue to collaborate with BITC (Business in the Community), focusing on the west side of Hounslow borough. We celebrate the completion of the first year of our Hounslow's Heart BID, run by Bill Miller, who is working tirelessly in the centre of Hounslow. We are proud members of the London Living Wage initiative and the Good Business Charter. These programmes are set to enhance social mobility across our boroughs.

We wouldn't be able to do all we do without the support of our team (Gerry, Samar, Lisa, Aya and Kai, — our thanks to all of you), the support of our Board, and most importantly, YOU, our members. Tonight is your night; it is because of you and your businesses that we are here, working tirelessly to support you and celebrate YOUR success. We are stronger together, so please let us know how we can assist.

Message from Hammersmith & Fulham Council

Hammersmith & Fulham Council is delighted to once again sponsor the West London Chamber Business Awards and celebrate the achievements of businesses from across west London. These awards recognise the innovation, resilience and entrepreneurial spirit that drive growth, create jobs and contribute to thriving communities.

As home to more than 13,000 businesses, Hammersmith & Fulham is committed to being one of the best places in London to start, grow and invest in business. Through Upstream London, we continue to champion innovation, investment and inclusive economic growth, ensuring that local people and businesses can benefit from the opportunities created by a changing economy.

This year marked the next chapter of the Upstream London programme. In October, the Upstream London Summit brought together leaders from business, education, technology, the creative industries and the public sector to explore the future of growth and opportunity in the borough, showcasing Hammersmith & Fulham as a place where talent, innovation and enterprise can thrive.

Alongside this, we have launched the Upstream Pathway Bond, an innovative initiative designed to strengthen connections between employers and educators, helping young people develop the skills, experience and pathways needed to access the careers of the future.

Congratulations to all those shortlisted for this year's awards. Your success reflects the strength, diversity and ambition of west London's business community, and we are proud to celebrate your achievements.

Message from Cllr Shantanu Rajawat

Hounslow Council is honoured to once again sponsor the West London Chambers of Commerce's Business Awards. Tonight, we celebrate the diversity, resilience, and successes of our local business community. This awards evening is a fantastic opportunity to spotlight the innovative businesses that continue to drive Hounslow's and the sub-region's growth and prosperity even in challenging economic circumstances.

I was honoured and delighted to lead the formation of a new administration following the local elections this year. We recently published our plan for the borough 'A Fairer Future' which places inclusive growth and good local jobs at its heart. So many of our themes and objectives, be they focused on Work, Neighbourhoods and Town Centres, Inclusive Growth and Infrastructure and Connectivity depend on working closely with and supporting a thriving business community. It also makes clear our commitment to the West London Orbital proposals and to maximising the opportunities offered by Heathrow Airport whilst managing its impacts.

Once again, we're excited about the Advance for Growth initiative, now in its fifth year with the 2027 winner set to be announced this evening. This unique competition, supported by our partners at JCDecaux UK and West London Chamber of Commerce, celebrates the energy and innovation of Hounslow's startups and small businesses. Many thanks to JCDecaux and the Chamber for another great competition. The Advance for Growth prize package offers bespoke support and invaluable visibility through digital advertising across the borough. Previous winners like Gripped, Wild Chai and Small Ceramics have leveraged this platform to expand their reach and continue flourishing, setting a high standard for entrepreneurship and showing how it's done.

I also encourage businesses of all sizes to join Opportunity Hounslow's Business and Employers Network, a free opportunity to connect with other businesses, share ideas and help shape local priorities. By working together with the council and our partners, you can explore opportunities for collaboration and growth and help shape Hounslow's economic future.

This evening's awards are always a testament to the strength of our business community and to the partnerships that make our borough's achievements possible.
Thank you to all the businesses that entered this year's awards, and congratulations to those shortlisted. Your success is Hounslow's success, and we are honoured to celebrate your achievements tonight.

Councillor Shantanu Rajawat
Leader of Hounslow Council

Message from Ealing Council

Ealing's Council Plan 2026-2030 sets out an ambitious vision for everyone in the borough to share in the benefits of growth. This means securing good jobs and opportunities and genuinely affordable homes in each of our 7 towns. It involves building stronger relationships with local businesses to support investment and inclusive growth. And it involves pushing for a fairer distribution of wealth and opportunity for all. Growth is about more than jobs; it is also about quality of life, and making sure everyone has access to green spaces, nature and places to rest, play and thrive.

This ambition is reflected in Ealing's Jobs and Skills Strategy 2024-2029 which aims to develop a highly skilled local workforce, support entrepreneurship, and connect residents to high-quality employment opportunities. Together, these strategies recognise the vital contribution of our business community and reinforce our commitment to ensuring that local businesses have access to the talent, skills and support needed to drive prosperity across Ealing's seven towns.

A key part of this work is encouraging employers to become London Living Wage accredited, offer work experience opportunities, paid work placements, and join the Ealing Borough Apprenticeship Scheme (EBAS) helping businesses to attract, develop and retain local talent while creating pathways into good work for our residents. London Borough of Hounslow Council

Hounslow is a dynamic, diverse borough with nearly 300,000 residents speaking 192 different languages, and 15,000 businesses. Positioned near Heathrow, Hounslow has seen remarkable growth, with one of London's largest economies at £15 billion annual GVA. The Council's new Corporate Plan 'A Fairer Future' and Opportunity Hounslow investment programme outline an ambitious strategy to boost good job creation, attract investment, and support sustainable prosperity. Spanning Zone 2 to the M25, Hounslow combines global connectivity with local talent, making it a hub for innovation in media, tech, and international trade.

International Trade Events

With 62% of our UK economy made up of International trade, I would see West London as being higher than the national rate. Accordingly, for 2026 we have taken trade missions this year to Hong Kong, China, the USA, Turkey and, new for 2026, India.

We have received trade missions from the USA, Canada, the Caribbean, Morocco, Algeria, Libya, Iraq, Jordan, and the first-ever women's mission from Pakistan to the UK, India, Nepal, Bangladesh, Vietnam and China. We have also signed new MOUs for 2026 with Jacksonville, Nepal, and Jordan, attended by King Abdullah II of Jordan, as organised by the fantastic Embassy of Jordan in London, plus we are signing MOU's soon with Kharkiv and Monrovia soon.

I would like to thank our Director of International Trade, Samar Whitticombe, for helping our Chamber deliver, especially the MENA part of this agenda, together with Elsa Caleb, our Chair for Atlanta and the Caribbean; our director Andy Bell, with Jacksonville; our Deputy Chair Dr Renu Raj and finance director Shankar Devarashetty with India, not forgetting Cllr Pam, Loyster and Ash; our director Mustafa Erdem for Turkey and our director Sam Liu with Vietnam and China; and not forgetting Chris Durkin, our President with Turkmenistan.

We have a new website for our Trade Missions! Scan here:
