# Welcome

We are so pleased to be back at the University of West London with the Ealing Festival Business. Thank you to our sponsors: UWL, Ealing Council and West London College. We could not put on such event without their help! And of course, to all the stand holders – welcome!

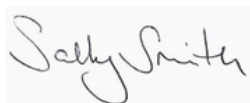

West London Chambers was launched in 2023, and we offer Chamber services to Ealing, Hammersmith & Fulham, alongside Hounslow. Indeed, West London Chamber came into being through Hounslow Chamber of Commerce, whose roots go back to 1908, so we have a proven track record. As is evident we are here for the long haul and are now the second largest Chamber of Commerce in London and in the South-East with just over 2,000 members, and a database of 8,000 businesses.

West London Chambers is a highly active Chamber of Commerce, holding around 80 events each year. We hold regular business breakfasts, Women in Business events, informative webinars, networking evenings and four Flagship events: annual Business Awards, a charity Golf Day and two Festivals of Business (Ealing & Hounslow). Alongside our domestic events, we have a reputation for hosting international trade events, led by Alan Rides, CEO, who, in addition to being a local business owner, is a former DIT government trade officer. He has just returned from a Trade Mission to Atlanta, Georgia. To date this year, we have welcomed 20 international trade delegations and taken three trade missions overseas.

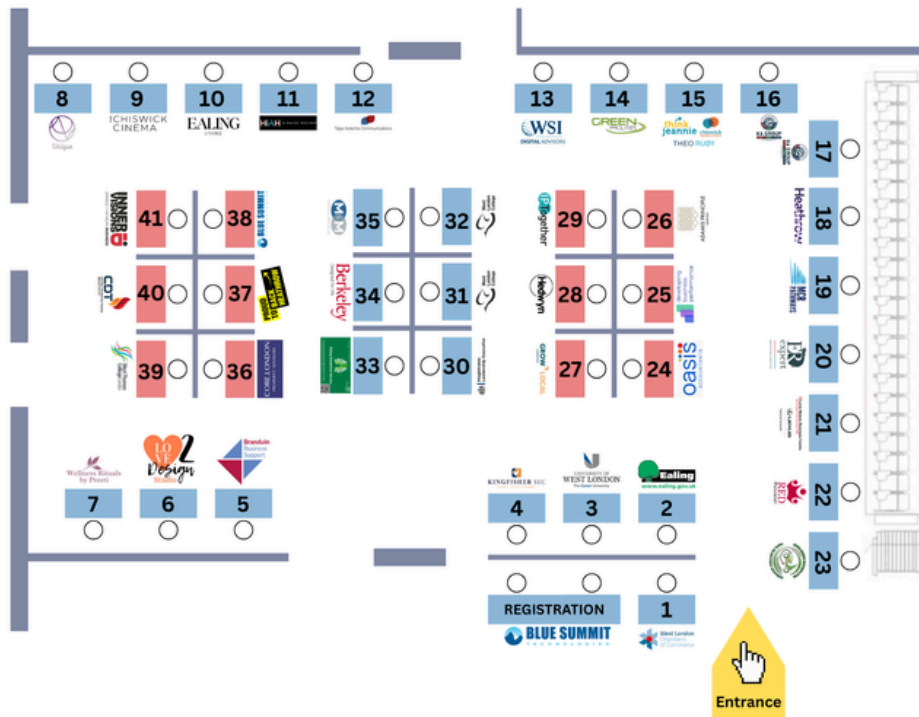

London is the biggest economy in the UK, and after the City of London and the financial districts, west London is the second largest economy with nearly, 50,000 companies, 1m people and a £40bn economy.

Please do try to visit and engage with all the stands to see what is going on in your part of west London. It is always good to spend the local pound in your local area. Also, take a look at the seminars, this year we are concentrating on how to make your business more profitable. The day ends with a Meet the Buyer session led by Branduin Business Support.

Our job is to support and be the voice for business in our part of west London. We believe that when businesses are given the necessary space to grow, communities benefit from new jobs, property development and other economic activities that take shape. So please do come and chat with your local Chamber. The more we get to know you and your business, the more we can help. We are here for you!
